ABOUT ME

I love making puppets that tell amazing stories. Some make people laugh some make people cry, but they all change people's lives in one way or the other.

EDUCATION

- **Honors Bachelor of Animation**
Sheridan College, Oakville, ON
September 2015 - April 2019
- **Board Undergraduate Certificate in Creativity and Creative Problem Solving**

WORK EXPERIENCE

- **3D Rigging Intern**
DHX Media, Halifax, NS
May 2018 - August 2018

Got an opportunity to learn various rigging workflows used to rig versatile characters and props ready for TV show production. Created scripts in MEL and Python to improve rigging workflow.
- **Production Manager, Bernie's Lament – Animated Short**
Sheridan College, Oakville, ON
September 2017– April 2018

Lead a team of 10 students creating an animated short. Responsible for assigning tasks and supervising animation, modelling, rigging, lighting and rendering. Created a suitable environment for peer learning and high level of group cohesion.
- **Freelance Graphic Designer, Product Photographer**
October 2015 - Present

Fulfilled over 400 gigs for clients from over 16 different countries. Organised and streamlined workflow to deliver the best quality in the least amount of time.
